To Whom It May Concern:

The Dream Dealers are a professional events company that provides fun casino gaming and poker tournaments for clients, charities, and social gatherings. We produce almost 200 events a year and the preferred vendor for Celebrity Poker Tournaments. There are always a lot of photographers in our presence. However, only one photographer always stands out: Brian Cramer.

Mr. Cramer captures all of the needed moments to memorialize any event. After an event, we see great candid shots of guests, incredible posed shots of attendees, and always seems to capture the highlights of the event – whether it be a special guest, rare occurrence, or unpredictable moment.

Brian is able to get all of these great pictures because he is friendly, dressed appropriately, and always professional. Unlike most camera operators, if he didn't have a camera, he would blend into the crowd as a popular guest.

I highly recommend hiring Brian Cramer for your next event or party.

Sincerely,

Jeff Geller
