

To Whom It May Concern:

As the former two-time chairperson and current special advisor of the Child Help Organization, and President Bob Bondurant School of High Performance Driving, I have utilized the photography services of Brian Cramer on a number of occasions, and wholeheartedly recommend his skills to others.

As the familiar face behind the camera at many high-profile events, Brian has a keen sense of knowing how to capture powerful images, and truly convey the feeling of a moment through a picture.

We have always been pleased with his work, and would highly recommend his services.

Sincerely,

Pat Bondurant
President
Bob Bondurant School of High Performance Driving
