To Whom It May Concern:

This letter is written in support of Brian Cramer who generously donated his time and energies on November 19, 2012 to Make-A-Wish® Arizona as the on-site photographer for our 11th Annual Make-A-Wish Arizona Golf Classic.

Brian was quick and efficient as he made his way throughout the course, taking photos of each foursome for keepsakes for our golfers. He and his partner were able to print and distribute all foursome photos within hours of taking them, which was a huge satisfier for our corporate sponsors.

In addition, Brian was affable and entertaining for the more than 20 wish kids and wish families who were out on the course. His personal snap shots of some of our Make-A-Wish kids will be used for years to come as memories for our wish households throughout Arizona.

The photographs, both candid and posed, turned out beautifully. We are so thankful that Brian volunteered his time and talents for Make-A-Wish Arizona. I would highly recommend Brian Cramer for any photography projects.

Kind Regards,

A handwritten signature in cursive script that reads "Hollie Costello".
